

PROJECT LIFE MANAGEMENT (PLM)
EFOP-5.2.2-17-2017-00018
REPORT ON THE EIGHTH WORKSHOP
11.09.2018
KOMÁRNO

The workshop was organised as a separate section of the Slovakian partner organisation Selye János University's conference, as a separate section dedicated to the project's focus (PLM).

During the workshop, the EUROPÉER Foundation, and the Slovakian partner Selye János University's representatives, and interested organisation's representatives came to take part.

As part of the workshop, several presentations were held, which were related to specific elements of PLM, and introduced Slovakian and international experiences related to them. As part of the presentations, employed methods and best practices were also introduced. The presenters focused on the possible application of their introduced methods, experiences and best practices to PLM's framework.

The event also had a publication made, which consists of the other publications of the presenters on the topic.

The workshop also offered an opportunity for building and strengthening international relations.
